"The UAE National Day is a source of pride for all of us in the UAE. It reminds us of the hard work of our forefathers, especially Sheikh Zayed Bin Sultan Al Nahyan, who has given us the opportunity to live in one of the best nations in the world. The UAE is my home, my pride, and my country that I hope to make proud. Many people tend to celebrate UAE National Day driving, but for me, I would rather stay away from the chaos and work on myself. I hope to make my country proud of me in the best way I can, not on just one day, but every day, in sports."

"National Day for me is very special. It's a symbol of my country's evolving progress. As an Emirati woman entrepreneur, I'm so blessed with the amazing support I have received from organisations such as the Khalifa Fund For Enterprise Development and the Mohammed Bin Rashid Establishment For SME Development. This kind of support makes me proud to be part of my country's success and progress."
